

Short Course in the Applied Epidemiology of Autism Spectrum Disorder

Prof. Eric Fombonne, M.D.

Professor Emeritus of Psychiatry at Oregon Health & Science
University, Portland (Oregon), USA

Lecture 1: Friday, June 20, 2025, 8:30AM-6:00PM

Lecture 2: Saturday, June 21, 2025, 8:30AM-1:00PM

**Aula CS1.1, Centro Servizi Facoltà di Medicina e Chirurgia,
Policlinico di Modena, Via del Pozzo 71.**

Prof. Eric Fombonne is a leading figure in autism research and an internationally recognized expert in child and adolescent psychiatry. His research has significantly shaped our current understanding of autism, particularly in the areas of epidemiology and its risk factors. He has led numerous large-scale population studies and contributed to the development of global surveillance and diagnostic frameworks for Autism Spectrum Disorder. Dr. Fombonne has authored over 350 peer-reviewed publications and has served as an advisor to the World Health Organization and various international health agencies.

**Colleagues and students interested in the topic
are welcome to attend the seminar**

Host: Prof. Antonio Persico
